Our performance is measured against our Guest Charter, available at [sleeper.scot](http://sleeper.scot) and from our Guest Service Centre in Inverness. Arrival before or within 59 seconds of the stipulated arrival time is defined as 'on time' under guidelines of the Association of Train Operating Companies (ATOC.org). Our Franchise Target is 75%.

We also measure our performance against a Public Performance Measure (PPM), which takes into account all the factors that impact your journey. On this measure, arrival within 9 minutes and 59 seconds of the stipulated arrival time is defined as 'on time'. Our PPM figure for Period 9 was 80.0%.
